

Fire

Alexandra Burke

I want you now, like we're burning in a fervor of fire
I need you now, cause every second is getting harder, harder, harder
I want you now, now, now, now...

Sweat dripping from my brow, heart's pumping high speed
Juggling this, water down, but I'm still thirsty
It's only getting worse, too close to you stand next to me, are you warm?
I feel your clothes sticking to my body, should I take 'em off
If I keep staring in your eyes, I might get a little lost
I'm walking over now it seems the whole room starts to cross, I'm caught in your storm

Whoaa, nothing can cool me down, not how I feel right now
You've got my attention, call nine, nine, nine, it's a problem

I want you now, like we're burning in the fervor of fire
I need you now, cause every second is getting hotter, hotter, hotter
I want you now, Like we're burning in a the fervor of fire
3-4-5 and I'm, 3-4-5 and I'm, 3-4-5 and I'm, 5 and I'm on fire

Engines ring in my ears, their heat gonna start to burn
Come on whisper to me give me chills, with your dirty words
I can't keep myself away, the separation only hurts, How do you feel?
Whoaa, nothing can cool me down, not how I feel right now
You've got my attention, call nine, nine, nine, it's a problem

I want you now, like we're burning in the fervor of fire
I need you now, cause every second is getting hotter, hotter, hotter
I want you now, Like we're burning in a the fervor of fire
3-4-5 and I'm, 3-4-5 and I'm, 3-4-5 and I'm, 5 and I'm on fire

Nothing can cool me down, now how I feel right now
You got my attention, come now, now, now, it's a problem

I want you now, like we're burning in the fervor of fire
I need you now, cause every second is getting hotter, hotter, hotter
I want you now, Like we're burning in a the fervor of fire
3-4-5 and I'm, 3-4-5 and I'm, 3-4-5 and I'm, 5 and I'm on fire

- Tom Waugh -
