

# Just Kickin' It Like a Wild Donkey

## Minus the Bear

She's got a couple down  
Shooting shots like with a gun  
I think she's gonna dieGo on, go on, go on, go on, go on  
Go on, go on, go on, go on, go onBut she stands and starts to dance  
She can't dance  
Ya it's alrightGo on, go on, go on, go on, go on  
Go on, go on, go on, go on, go onShe's got on some good jeans  
No one sitting 'round here  
Can put down their drinks  
She's got onShe danced up to me  
Took a drink of my drink  
Now a man is standing upGo on, go on, go on, go on, go on  
Go on, go on, go on, go on, go onShe's got on some good jeans  
No one sitting 'round here  
Can put down their drinks  
She's got on
