Black Zombie

Nas

Uh

Yo, you believe when they say we ain't shit, we can't grow? All we are is dope dealers and gangstas and hoes? And you believe when they be tellin' you lie, all on the media? They make the world look crazy to keep you inside? Why you listen when the teachers at school? Know you a young single parent out strugglin', they think you a fool Give your kids bad grades and put 'em in dumber classes Killin' shorty future, I wonder how do we last it Underground in they casket? Ancestors turnin' I'm learnin' somethin' every day, there is no Lazareth Words like God is Greek or Latin So, if you study Egypt, you'll see the truth written by the masters My niggaz is chillin', gettin' high, relaxin' Envisionin', ownin' shit, yo, it can happen What do we own? Not enough land, not enough homes Not enough banks, to give a brother a loan What do we own? The skin on our backs, we run and we ask For reparations, then they hit us with tax And insurance if we live to be old, what about now? So, stop bein' controlled, we black zombies Walkin', talkin' dead, though we think we're livin' (Black zombies) We just copy cat, followin' the system (Black zombies) Walkin', talkin' dead, though we think we're livin (Black zombies) We just copy-cat, followin' the system (Black zombies) Aiyo, we trapped in our own brain, fuck behind bars We've already gone insane They've already gave up, cut our own heads offs Stab our own backs and dream too much Without fulfillin' reality, too greedy and Can't have one or two chains, we need three of dem Can't have one or two guns without squeezin' 'em On our own people and fuck black leaders 'Cause whites ain't got none leadin' them, the rhythm is cosmic Nas is divinity, the deity's prophetless

All get down and get up

Victims walkin' 'round with down's syndrome, all stuck
Faintin', shoutin', catchin' Holy Ghost in church
Scared to do it for ourselves 'less we see somebody doin' it first
We begged, we prayed, petitioned and demonstrated
Just to make another generation, black zombies
Walkin', talkin' dead, though we think we're livin'
(Black zombies)

We just copy cat, followin' the system (Black zombies)

Walkin', talkin' dead, though we think we're livin (Black zombies)

We just copy-cat, followin' the system (Black zombies)

You scared to be yourself 'cause you in a trance
Feel free, hear the music and dance
If you cared what they think, why wear what they wear, just for you
Dumb niggaz with long beards like they Arabs or Jews
Or from Israel, Bismi-Allah Al-rahman Al-raheem
Islam's a beautiful thing

And Christian and Rastafari, helps us to bring
Peace against the darkness, which is un-Godly
So, what's the black man's true religion, who should we follow?
Use your own intuition, you are tomorrow
That's the sound of the beast, I'm a Columbia record slave, so get paid
Control your own destiny, you are a genius

Don't let it happen to you like it did to me, I was a black zombie Walkin', talkin' dead, though we think we're livin'

(Black zombies)

We just copy cat, followin' the system (Black zombies)

Walkin', talkin' dead, though we think we're livin (Black zombies)

We just copy-cat, followin' the system (Black zombies)

Wake up, black zombies in a spell for more than fo'-hundred years
Ghetto niggaz won't have it no mo', can I get a witness?
Why listen to somebody else tell you how to do it?
When you can do it yourself? It's all in you, do it, do it
Do it niggaz
