Flashlight

Big D and the Kids Table

Like a flashlight on but lost, my energy's there but wasted. You talk a lot a lot about nothing. You go on and on and i hear you talk a lot about nothing. It goes on and one. You're a really easy act to follow. Once we jump in we're all gone. Like a flashlight on but lost, my energy's there but wasted. I'm sitting down, I'm sitting down. For what? For Nothing (It's gotta be Our Way). So i'm getting up, standing up and leaving nothing (Gotta be Our Way). I've never seen someone's emotions break it all I'm on my way out, I'm on my way out. Too much too late, you haven't thought but you speak loud. You're on your way out. You're a really easy act to follow. Once we jump in we'rea ll gone. It's gotta be Our Way. Like a flashlight on but lost, my energy's there but wasted.
