Neighbors

Sam Moss

Now my neighbor likes where I stay
But doesn't know the price that I pay
My neighbor, my neighbor
My neighbor wants what he sees
My neighbor, my neighbor
My neighbor thinks he wants to be me
But he'll never be
From out my window, he seems just fine
Deep but in his mind, behind his world is far from kind
So I invited him over, come let's make a new friend
But once I got to know ya, wish I never let you in
Now my neighbor likes my clothes
But hasn't seen me with my scars exposed
My neighbor, my neighbor
My neighbor, dissatisfied
My neighbor, my neighbor's
Behavior is unjustified
I'm sick and tired
I don't know if he lives all alone
If you're scared of the darkness
Just leave the lights on
I had a talk with my neighbor
Said, "Isn't this all insane?"
I guess he understood me
He never came back again
Now my neighbor likes my car
But no matter where you go, there he was
