

Tisbury Lane

Mae

She greets the day with her hair wet
She asks them to vacate the building because
She's got a plan they don't know yet
And if it goes wrong there'll be no one to see
If she could just get the word out
God knows she's trying
They're watching her with eyes closed
She's always stuck with the old route
Does anyone knock when they barge in to beat her down
Will you come back?
It's all she wants to know
She knows she's part of the problem too
Could she let it go?
It'd take a miracle
So that's what I'm praying for
No one can know just how she feels
She won't use the phone
She's too tired to pick it up
She's going back to the old way
She sits in the classroom to learn with the others
Please don't give up when it's easy
Don't you know that me and Jesus will cheer you on
He's the only one who will be constantly everything you need
Will you come back?
It's all she wants to know
She knows she's part of the problem too
Could she let it go?
It'd take a miracle
So that's what I'm praying for
She lives on Tisbury Lane
She lives on Tisbury Lane
