

# My Heart Is Lost to You

Brooks & Dunn

Maybe it was the moonlight  
The scent of you on the breeze  
Maybe it was your shadow, fell over me  
Such a beautiful stranger  
Eyes darker than coal  
Your first look crossed the desert  
Into my soulMi corzon perdido en ti  
My heart is lost to you  
You have captured my love completely  
An' my heart is lost to you  
Oh! My heart is lost to youMaybe it was the music  
The way it moved with your hair  
Or the heat of the moment that hung in the air, yeah  
But when I saw you there dancing  
Mesmerized by your gaze  
There was some kind of magic  
Led me away, yeahMi corzon perdido en ti  
My heart is lost to you  
You have captured my love completely  
An' my heart is lost to you  
Oh! My heart is lost to you
