Special Lady

The Winans

She was a very special lady
One who really shared
She was a very special woman who cared about
The things in life that only count

Truly, can?t you see
She was a very special lady to me

She was a very special lady
One who took out time
She would always leave her problems behind to see
That we had everything we need

Granny, cant you see
You were a very special lady to me

And when she smiled you felt the sun rolls on your shoulder
She was that acclaim of love when life grew colder
Even though sometimes she scold you
She will come again to console you
Let her epitaph be for all the world to see

She was a very special lady to me
And were gonna miss you granny
She was a very special lady to me

One to let us know
That true holiness was the only way to go
To live right
So that we could gain eternal life
Indeed, can?t you see

She was a very special lady to me
Gonna miss you granny

And when she smiled you felt the sun rolls on your shoulder
She was that acclaim of love when life grew colder
Even though sometimes she scold you
She will come again to console you

Let her epitaph be for all the world to see

She was a very special lady
She was a very special lady
She was a very special lady, to me
