

For Your Love (LP Version)

Rachael Lampa

[Chorus]

I would climb up an endless mountain for Your love
I would crawl across the mighty desert for Your love You set the world in motion
You made the stars and oceans
And everything that breathes, Yeah You cause the sky to thunder
You fill the world with wonder
And that amazes me
That you would plan all my days eternally
Long before I was born you dreamt of me
If it weren't for your company
Then where would I be [Chorus]
No one else can know me
No one else could hold me
The way you do
You fill my life with passion
And I cannot imagine a world without you
Looking down on the ground from up above
Can you feel my devotion and my love
If I could spend everyday with you
It wouldn't be enough [Chorus]
My love, I give it all to you [Chorus]
My love, I give it all to you [Chorus]
