

Oh What A Beautiful World

[Rodney Crowell](#)

It's the time and the place
Every line on your face
It's the truth and the lie
It's to live and to die
Oh what a beautiful world It's a girl and a boy
And the first taste of joy
It's an old photograph of two hearts torn in half
Oh what a beautiful world We build out hopes up high, perchance to someday fly
Across a clear blue sky to someplace new
It's a walk in the park or a shot in the dark
It's a thief in the night, or the first ray of light
Oh what a beautiful world We live our legends down, wake up in lost and found
Become that highway sound and roll on through
