Penguin

Christina Perri

Can you find the time
To let your lover love you
He only wants to show you
The things he wants to learn too
The hardest parts you'll get through
And in the end you'll have your best friendLove like this may come once
Baby it's fate
Like a soul mate he's your penguin
Baby it's fate
Baby it's fate
Not luckCan you find the time to let your lover hold you
He needs somebody to hold to
His love is strong and so true
His arrows aiming for you
And he's the one that you were born to loveLove like this may come once
Baby it's fate
Like a soul mate he's your penguin
Baby it's fate
Baby it's fate
Not luckOh oh
Let go
Let go of time for you
And I
Let go
Let go of time for you
And I
Let go
Let go of time for you
And ILove like this is all I want
Baby we're fate
Love like this may come once
Baby we're fate
Like a soul mate you're my penguin
Baby we're fate
Baby it's fate
Not luck
