Gotta, you gotta let go of the past  
It's not me who's gonna hurt when it's over, when it's over Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit  
Bury that shit in your heart  
Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit  
Bury that shit in your heart  
Yeah girl, you gotta let go of the past, girl  
Why you showing up drunk  
Wanna fuck, girl, it's not me who's gonna hurt  
When it's over, when it's over, oh  
Now baby, let your moans break the silence  
I know you like control, like it violent  
And baby I can taste your pain  
I'm to blame, oh oh oh  
And girl you count on me to fuck you with no conscience  
Bring your fantasy to life and leave it sore  
I'm so different and I know just how you want it  
Don't lie, you want more  
Baby, you know that it ain't right  
And you know that it should be the last night  
You know, you know, you know we gotta  
Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit  
Bury that shit in your heart  
Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit

Bury that shit in your heart Yeah girl, you gotta let go of the past, girl  
Why you showing up drunk?  
Wanna fuck, girl, is not me who's gonna hurt  
When it's over, when it's over I still want the woman, no, I can never tell her  
See I chose this life and now I pray is to forget her  
And all these new women around, they got me comin', I know  
But it's still your body on my mind  
See that pussy on my mind, yeah yeah  
Baby, I know that it ain't right  
Always saying this'll be the last night  
I know, I know, I know we gotta Bury that shit  
Bury that shit  
Bury that shit, I can't  
Bury that shit  
Bury that shit  
Bury that shit, shit, shit  
Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit  
Bury that shit in your heart  
Bury that shit  
Bury that shit  
Bury that shit you want  
Bury that shit  
Bury that shit  
Bury that shit in your heart Why you showing up drunk?  
Wanna fuck  
It's not me who's gonna hurt when it's over
