

# The Build Up

## Kings Of Convenience

The build up  
Lasted for days  
Lasted for weeks  
Lasted too long  
Our hero withdrew  
When there was two  
He could not choose one  
So there was none  
Worn into  
The vaguely announced  
Worn into  
The vaguely announced  
The spin top made a sound  
Like a train across the valley  
It faded, oh, so quiet  
But constant 'til it passed  
Over the ridge to the distances  
Written on your ticket  
To remind you where to stop  
When to get off  
The spin top made a sound  
Like a train across the valley  
And faded, so quiet  
But constant 'til it passed  
Over the ridge to the distances  
Written on your ticket  
To remind you where to stop  
And when to get off  
The spin top made a sound  
Like a train across the valley  
It faded, oh, so quiet  
But constant 'til it passed  
Over the ridge into the distances  
Written on your ticket  
To remind you where to stop  
When to get off  
When to get off  
When to get off  
When to get off
