

You're My Kind

Teenage Fanclub

(McGinley) I don't mind
If flops don't climb
'Cause you're my kind I've got a message I send to myself, that tells me your name
I've got a message I send to myself, that tells me your name
Clocks need time
Like cops need crime
Like you're my kind I've got a message I send to myself, that tells me your name
I've got a message I send to myself, that tells me your name
I've got a message I send to myself, that tells me your name
I've got a message I send to myself, that tells me your name
