

Crazy for You

Joan Armatrading

I don't mind if you tell me
That you're never coming back no more
 Don't mind if you say
 A dozen women got babies
 And they're all yours
 Don't mind if you tell me
 That you got to work late tonight
 No matter what you're saying
 As long as you say it while
 You hold me in your arms
 Squeeze me nice and tight
 Let's get down to business
 I hear you speak
 But my lips still seek your kisses
 I know I'm crazy
There's women who want you for your money
 Well they get what they deserve
 May you never
 Reach rock bottom babe
 But I'd be there
 With some extra fine clothes
 So you can
Take me on the town Flaunt our love around
 Dancing rude
 We're gonna leave
 Cos the steam will start a hissin'
 You drive me crazy
 Let me
 Hold you in my arms
 Hug your breath away
 Let's get down to business
 My younger days
Must have lacked some supervision
 You lead me astray
 Me myself and I want you
I know you're a lover who can't be true
 I'm lucky that I got you
 To show me love and affection
 Tonight

Let's get down to business
I hear you speak
But my lips still seek your kisses
I know I'm crazy
Hold me in your arms
Squeeze me nice and tight
Let's get down to business
I hear you speak
But, my lips still seek your kisses
Drive me crazy
