

Love the Way You Do

Kenny Rogers

I've loved you all my life in all my dreams
So, why am I surprised here with me?
That's how it should be, I'll be
But you look in my eyes, turn away
You can see inside, I'm afraid
Afraid of feeling, oh yea I don't know what to say
I don't understand
It's not the way I planned I can't stay, I can't leave
I'm torn between two people I need
One of them is you the other is me
We come from different world, different stars
But when you're lying here in my arms
All I wanna do, all I wanna do
Is love the way you do, sing it again
All I wanna do, all I wanna do
Is love the way you do How can I go on, but nothing's changed?
You and I both know the choice was made
When I first touched you
Now if I stay or leave, it's all the same
Awake or in my dreams I see your face
And I will love you I'm always in control
Now here I stand a heart is in my hand I can't stay, I can't leave
I'm torn between two people I need
One of them is you the other is me
We come from different world, different stars
But when you're lying here in my arms
All I wanna do, all I wanna do
Is love the way you do
All I wanna do, all I wanna do
Is love the way you do All I wanna do, all I wanna do
Is love the way you do, I've love, love
All I wanna do, all I wanna do
Is love the way you do, all
All I wanna do, all I wanna do
Is love the way you do All I wanna do is love the way you do
Nobody loves like you do all I
Wanna love the way you do
Honey I can understand fun is that never known, oh yea We can love together, stay with me
You come from different world, different stars

Lot's of sayin' when your day is on
All I wanna do, all I wanna do
Is love the way you do
I understand
All I wanna do, all I wanna do
Is love the way you do, all, all, all
All, mmm, all, all, all I know you come from different world, different stars
All I wanna do, all I wanna do
Is love the way you do
Tell that again man
All I wanna do, all I wanna do
Is love the way you do, oh oh
Take your time boy
It's alright, it's alright oh yea You see we can love together, stay with me yea girl
You can love, you gonna keep my heart
All I wanna do, all I wanted love the way you do
It's alright, it's alright
All I wanna do, all I wanna do
Is love the way you do
