

Turned To Real Life

Shiny Toy Guns

Eyes are magic
See right through me
Makes me feel like
A girl in a fantasy
Turned to real life
Stars in the morning
Makes me feel like
A girl in a fantasy
Turned to real life
Now I'm glowing
Like a sunset
In the window
Of my dreams

That turned to real life
I'll never forget when

For the first time
A girl in a fantasy
Turned to real life
Makes me feel like
A girl in a fantasy
Turned to real life

I'm a believer
For the first time
I can be beautiful
A girl in a fantasy
Turned to real life

Your fingers running
Over my body
Makes me feel like
A silver angel

Under the moonlight
Right beside me
Makes me feel like
A girl in a fantasy
Turned to real life
Makes me feel like
A girl in a fantasy
Turned to real life
I'm a believer

For the first time
I can be beautiful
A girl in a fantasy
Turned to real life
Makes me feel like
A girl in a fantasy
Turned to real life

I'm a believer

For the first time
I can be beautiful
A girl in a fantasy
Turned to real life
Makes me feel like
A girl in a fantasy
Turned to real life

I'm a believer

For the first time
I can be beautiful
A girl in a fantasy
Turned to real life
