Someday?

Concrete Blonde

Say it's been too hard, say it's been too long
You say it's all too much, the thrill has long been gone
Well, I thought you could, yes, I thought you could
And you thought you could tooBut it's a place and time where the years behind are piled up high
But never mind, it's time to crash and burn or fly
And I thought you could, you know I thought you could
You know I thought you could tooGo to sleep now, go on dream away
Isn't easy, is it babe?
And I hope and I dream and I pray
That sometime we'll find a waySome say easy come, some say easy go
Some say time flies by too fast, some say it drags on all too slow
Well, I thought you could, you know I thought you could
And I thought I could tooBut if you never find the heart to start all over again
Remember I was one who tried to be a friend to you, I
Well, you know I tried, yes, you know I tried
And I know you tried tooGo to sleep now, go on dream away
Isn't easy, is it babe?
And I hope and I dream and I pray
That sometime we'll find a wayGo to sleep now, go on dream away
Isn't easy, is it babe?
And I hope and I dream and I pray
That sometime we'll find a way
