

Innervisions

Fatima

Verse 1:

No ocean is too wide for me. I'll travel wherever my heart might be. Dreams that crosses borders, never ending feelings, an undying love. Adventures I must follow or I'll fade away. Someone asked me today, I replied and said the inner state of mind is no longer run by doubt. My head is in the clouds, now steppin up not step aside. I

follow.Chorus:

Open up your eye to innervision. Life is on the line you have to listen. Innervision.Verse 2:

The thickness creates distance but a kiss can make it listen.

Don't surrendered to the dark let it go, create a new spark let it roll. Roll into light, make day from night. I follow you into what I truly believe in.Chorus:

Open up your eye to innervision. Life is on the line you have to listen. Innervision.
