

(Get Off Your) High Horse Lady

Oasis

Get off your high horse, lady
I don't need a ride tonight
Get off your high horse, lady
I don't need a ride tonight
Lay down I hear your soul song singing
From a fire in the sky
I hear your soul song singing
From a fire in the sky
Rain down, rain down Get off your high horse, lady
I don't need a ride tonight
Get off your high horse, lady
I don't need a ride tonight
Lay down, lay down
