

Trixie

Kai Winding & J. J. Johnson

Oh my, my mind's playing tricks on me
I'm falling for something I know I cannot reach
Can I lay with you and still live with myself?
I feel I know you but you're someone else
 Oh, you're so cruel
 To do what you do to me
 Your kind of woman
 No man should need
 You infect me
 Trixie girl, man you're good
 You're the low spark in my neighborhood
 And damn, you're convincing
 I can't stand you kissing the other guys
Come back to my window and cry like a school girl
 In your sad disguise
 Oh, you're so cruel
 To do what you do to me
 Your kind of woman
 No man should need
 You infect me
 Hey, you're so cruel
 Do what you do to me
 Your kind of woman
 No man should need
 You infect me
