

# All Is Numb

## 32 Leaves

C'mon drift away through fundamental boundaries  
To find ourselves surrounding  
The ones who've already gone and come back strongerAll is numb  
I've been lost too long  
My fate's been mistakenly chosen  
All is numb  
Yeah I've done you wrong  
My fate's been mistakenly chosenHere you'll stay  
Where lies are spread wide open  
And ties are not so strong  
That place you'll never find me  
I've already goneAll is numb  
I've been lost too long  
My fate's been mistakenly chosen  
All is numb  
Yeah I've done you wrong  
My fate's been mistakenly chosenDisconnecting our side, grow colder and colder  
Disconnecting our lives, we've been colder and colder  
Disconnecting our mindsAll is numb  
I've been lost too long  
My fate's been mistakenly chosen  
All is numb  
Yeah I've done you wrong  
My fate's been mistakenly chosenC'mon Drift away, C'mon Drift away, C'mon Drift away, Yeah I've done you  
wrong C'mon Drift Away, C'mon Drift away, C'mon Drift away, yeah i've done you wrong
