

Separate Ways

Tahiti 80

I feel it by my side
It's been there for a while now
It could make things better There's still something out there
That we never talk about
It could make my life easier
Make my life easier Will you offer, what I'm after?
Hope you'll do it someday
So we'll never go our separate ways I don't wanna make you cry
Just make you wonder why
You'll have to find the answer I feel it, oh so well
So why is it hard for you to tell?
You'd make my life easier
Make my life easier Will you offer, what I'm after?
Hope you'll do it someday
So we'll never go our separate ways Please find the time
And make a decision
Now is the right time
To answer this question Please find the time
And make a decision
Now is the right time
To answer this question Will you offer, what I'm after?
Hope you'll do it someday
So we'll never go our separate ways So we'll never go our separate ways
So we'll never go our separate ways
