Horns

Bryce Fox

In her heart, there's a hole
There's a black mark on her soul
In her hands is my heart
And she won't let go 'til it's scarred
Try to plead, but I can't
'Cause in the end, she leaves me as damned
Got a touch like a thorn
'Cause the girl, she's hiding horns

She got blood cold as ice
And a heart made of stone
But she keeps me alive
She's the beast in my bones
She gets everything she wants
When she gets me alone
Like it's nothing
She got two little horns, and they get me a little bit

She's the fire and the sin
And I burn breathing her in
Now this love's suicide
And I'd sell my soul for the high
Truth be told, I don't mind
'Cause her hell's my paradise
She can crush every horn
Got her heels tapping down my throat

She got blood cold as ice
And a heart made of stone
But she keeps me alive
She's the beast in my bones
She gets everything she wants
When she gets me alone
Like it's nothing
She got two little horns, and they get me a little bit

She got horns like a devil, pointed at me
And there's nowhere to run from the fire she breathes
She got horns like a devil, pointed at me
And there's nowhere to run from the fire she breathes

She got horns like a devil, pointed at me
And there's nowhere to run from the fire she breathes
Horns like a devil, pointed at me
She got two little horns, and they get me a little bit

She got two little horns, and they gettin' me a little bit
