Proud and Humble

Imelda May

I said Lord here's the total of what I done
Sometimes I did good, sometimes I done wrong
But I did the best I could from where I come fromAnd I'll keep on tryin' till my day is done
And so I'm proud and humble, humble and proud
Yeah, I'm proud and humble, humble and proud
I'll be proud and humble, humble and proud when I come
Yeah, when I'm doneOh, I made the most from what I knew then
But if I lived it over I'd do the same again
I try, I try for You to pleaseBut You know I'm only human, You created me
Well I'm humbled by You and thankful oh Lord
I studied Your life and Your holy word
But I hold my head just a little high
'Cause I'm proud that I got on with this given life
