

# Waste Myself

## This Providence

Oh we could lie beneath the stars  
Or watch a thousand passing cars  
From the roof of this prison, yeah yeah  
Oh we could make this moment ours  
And I could hold you, touch your scars  
I can't believe that I have you, yeah yeah  
I said... you, I waste myself on you  
You, I do anything for you  
Yeah, waste myself on you, yeah yeah  
Like a feather in a hurricane  
That's sweeping through my brain  
I can't seem to find hope in this situation, love  
Oh, so I tremble like an earthquake

Your tears are heavy rain  
They drown my soul in apathy  
like a flood, love  
Singing now  
You, I waste myself on you  
You, I do anything for you  
Yeah, waste myself on you, yeah yeah  
You set me on fire  
Now we're walking on a wire baby, a wire baby  
You set me on fire  
Now we're walking on a wire baby, a wire baby  
You, I waste myself on you  
You, I do anything for you  
Yeah, waste myself on you, yeah yeah
