Colossal Vision

Unholy

I'm inside of giant arche hydra
Lord of dreams passed me here
this warm slime - realm of fear
There's only one solution, use explosives,
Detonate the way outI failed, rabid stream of worms covers me
Horrible lifeforms, I can't stand it
Oxygen is running out, I can't breath
My thoughts are slowly fading awayI sail trough colossal visions
Visions of other dimensions
Beautiful trip through eternity
I travelled through everything
Forbidden side of the universe
Earthly limitations disappearedStrange hymn, echoing softly
Rhyme from transspace
