

# It's a Jungle Out There

Buddy Guy

I was driving down the expressway  
I was going to pay my bills  
Everybody was passing me so fast  
Darling, thought I was standing still I say it's a jungle out there  
Ohhh, it's a jungle out there Everybody's in a hurry  
And there ain't nobody going nowhere, no. Can you just imagine  
A little child on the playground  
If you turn your back  
That little child will be gunned down I say it's a jungle out there  
Ohhh, it's a jungle out there Everybody's in a hurry  
And there ain't nobody going nowhere I took out some insurance  
On me, myself and I  
I got hit by someone  
That was too damn drunk to drive I say it's a jungle out there  
Ohhh, it's a jungle out there Everybody's in a hurry  
And there ain't nobody going nowhere
