

Road to Heartbreak

Sy Ari Da Kid

Who was the one?
You was the one that said it wouldn't work girl.
Do what you need, Do what you want
I should've put you first
Instead I warned you
You aint gotta give me no dateline for you
It's cuff season id do fairtime for you
Performing girl id be the headline for you
Fuck it right girl, yeah
And fuck them other bitches ion wanna love them
I dont want to wife them, I just wanna love you
i aint nothing nice, you aint nothing like them
You so indecisive, Im so undecided
yuh, bouta start another fight
You so muhfckn bias
and you know when to smile girl
