Indestructible

D-Passion

Don?t look no more
'Cause it?ll only make your eyes sore
Hey, count your R.E.M?s
It?s comforting the sanctuary that we have
We argue sometimes
And we fear we put the knife in too deep
But even when madness heeds
It?s only gladness I keep inside, inside
'Cause we are indestructible
Yes, we are
And you are my life line
And we are indestructible
Yes, we are
Hey, hey, you can be wicked
And you know I can be fickle sometimes too
Y?know, maybe you?re my better side
And maybe you annoy me to the point
Of where I?m holding this
Gun against your head but I never said
?We have the same free spirit?
Tell me will you cry?
'Cause we are indestructible
Yeah, we are
And you are my life line
And we are indestructible
Yes, we are
You take me as I am
Mister, there?s a little red Devil on my shoe
Always stay real strong
You can take the rough with the smooth
And I know that we forget what we mean to say
Too proud sometimes
But I guess we?re only human
Inside, inside
'Cause we are indestructible
Yeah, we are
And you are my life line
And we are indestructible
Yes, we are

So keep me inside
'Cause we are indestructible
I said, we are
And you are my life line
And we are indestructible
I said, we are
So keep me inside
'Cause we are indestructible
I said, we are
And you are my life line
And we are indestructible
Yes, we are
So keep me inside
