

Take It There (Remix) (Performed By Nonchalant)

The Roots

Stand up, stretch for the stars
Get somebody else involved right next to ya
Y'all elected me to keep it so fresh for ya
Just cause I make it possible for the rest of ya
To just take it there come on and
Get your head ringin' from the sting of the snare
Spine tingle elevating every singular hair
All the way from South Philly on a wing and prayer
And still bringin' it yeahC'mon take it there, let's take it thereI'm from the side of town
Where shots get sprayed around
Where the expectancy rate be twenty-eight around
Downtown battleground where cops parade around
Have your whole view of life beyond jaded
How everybody sick of breaking down, tryin' a make it out
Hand over fist the only way to get the paper down
People tired of gettin' pushed around, gettin' gangsta now
Discipline the only way to bring some kinda change around
Chain cigarette smokin' with bad nerves
And brothas with bad lungs from smokin' mad herb
Whoever in the dark is unseen and heard
Let's submerge, I can feel something close we on the verge
Talkin' bout, to my street sweepers, hotel housekeepers
And my people spillin' this out through jail house speakers
Some people rather use than might than use heaters
Some people rather lose they life than lose freedom
For realC'mon take it there, let's take it thereFlash light, red light, proceed ahead right
Straight into them headlights, you get your head right
Head right get a third strike, hit the turnpike
Life quicker than spliff that wouldn't burn right
Make you wanna holla 'bout it
It ain't no doubt about it
Every now and then you gotta stand up and shout about it
And I'll be shoutin' it to, as if a shout'll count
Yo they got accountin' to do, reamount the balance
The shit more puzzlin' than a jigsaw
Raw pitbulls hustlin' through the pitfalls
Some of y'all toys let the laughter rip roar
Heart felt truth in every lyric I spit forth
Raise up time to lift off

Written on a legal pad, poetry that sizzle the clip board
My og, my homey who taught me deal
Said in prayer that's the only time you should ever kneel
And that's real, I'm a take it there C'mon take it there, let's take it there
