Live Like Horses

Elton John

I can't control this flesh and blood
That's wrapped around my bones
It moves beneath me like a river
Into the great unknownI stepped onto the moving stairs
Before I could tie my shoes
Pried a harp out the fingers of a renegade
Who lived and died the bluesAnd his promise made was never clear
It just carved itself in me
All I saw was frost inside my head
On the night he said to meSomeday we'll live like horses
Free rein from your old iron fences
There's more ways than one to regain your senses
Break out the stalls and we'll live like horsesWe're the victims of the heartbreak
That kept us short of breath
Trapped above these bloodless streets
Without a safety netI stood in line to join the trial
One more customer of fate
Claimed a spoke in the wheel of the wagon train
On the road to the golden gateOn the flat cracked desert I jumped ship
It just made sense to me
I've spent too long in the belly of the beast
And now I shall be freeSomeday we'll live like horses
Free rein from your old iron fences
There's more ways than one to regain your senses
Break out the stalls and we'll live like horsesSomeday, free rein from your old iron fences
There's more ways than one to regain your senses
Break out the stalls and we'll live like horses
