Walk Like The Dead

Caliban

How long to hold on? Through darkness I've been
So many things that I have never seen
This feeling will not live forever
I walk like the dead
Lost what I've never hadYou gave me a reason to smile (smile)
To stay alive for a little while
I had these thoughts to say goodbye
Your eyes told me whyWhatever you say
Whatever you do
You keep me going on and on and onWhatever you say
Whatever you do
You keep me going on and on and on and onHow long to hold on? Trough darkness I've been
So many things that I have never seen
This feeling will not live forever
I walk like the dead
Lost what I've never hadI would tear this world apart
Just to forget
What you meant to meWaiting for your time to end (end)
Whats left behind
A black tangled heartSever your ties
I'll know your lies
So don't even start
Waiting for your time
To end when sky burns red
SKY BURNS RED!!So many things that I have never seen
So many things that I have never seenHow long to hold on? Through darkness I've been
So many things that I have never seen
This feeling will not live forever
I walk like the dead
Lost what I've never hadI won't save you
I won't save you from your suicide
