

# I'll Get Over You

Jessy

from the very first moment you caught my eye  
you were like nothing i ve ever seen in my life  
i caught your attention as you passed me a smile  
you bought me a drink  
we talked for while  
bout amazing things  
of what life brings  
then we kissed and said goodbye

## CHORUS

il get over you  
dont think you an get me down  
cause ive been on lower ground  
as longest youre not around  
ill make it trough  
and ill get over you  
guess you were not worth my heart  
youll never hurt any parts  
of me again cause ill start  
whitout you  
and ill get over you

ive been walking around whit my head in the clouds  
your sweet talk has taken me to shivering heights  
we shared the most intimate secrets bout love  
what if your words are no longer enough  
to fulfill my needs  
replace the sheets  
that are so cold every night

## CHORUS

there are no good intentions in your cruel game  
you play whit som many were all the same  
i should have known beautys but skin deep  
i was flying high i was falling deep  
whit your heart of stone  
just leave me alone  
i might resist your call

## CHORUS
