Better Do It

RaeLynn

If you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it, you better do itYou know, you know I find you cute
But I can always find another you
That'll treat me like a queen
Won't leave me sittin' here tryin' to read
Between the lines, between the lies
Between you and me, boy
You better figure out what you want
Am I what, what you want?I'm not the cry type
I'm not the whine type
I'm not the wait around in limbo while you find time
I'm not the pretty please
Don't leave me
I'm the one that takes the bull by the hornsAin't no girl in the USA
Wants a little boy who's always afraid
I'm gonna get to leavin'
Better figure out what you're feelin'
I'm up to here with the stop and go
All I really need is a yes or no
My patience has hit the ceilin'
Better figure out what you're feelin', yeahIf you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it, you better do itI see it seems you really think
You're the only fish in the sea
Then your first surprise will be
You're thinkin', but you're not
Baby, step to the plate
Baby, I'm not takin' no maybe's
Hey, hey
'Cause I take the bull by the hornAin't no girl in the USA
Wants a little boy who's always afraid
I'm gonna get to leavin'
Better figure out what you're feelin'
I'm up to here with the stop and go
All I really need is a yes or no
My patience has hit the ceilin'

Better figure out what you're feelin', yeahIf you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it, you better do itI'm not the cry type
I'm not the whine type
I'm not the wait around in limbo while you find time
I'm not the pretty please
Don't leave me
I'm the one that takes the bull by the hornsAin't no girl in the USA
Wants a little boy who's always afraid
I'm gonna get to leavin'
Better figure out what you're feelin'
I'm up to here with the stop and go
All I really need is a yes or no
My patience has hit the ceilin'
Better figure out what you're feelin', yeahIf you say it, you better do it
If you say it, you better do it
If you say it, you better do it
You better do it, you better do it
C'mon
You better do it
