

# Tearing Me Up Inside

Kurt Nilsen

I've been walking in circles  
Watching you everyday  
I've been taking every care  
Not to scare you away  
I've made you my friend  
You've put your trust in me  
I'm a shoulder to cry on  
Whenever you're in need I've been reading your ways  
Looking for a sign  
Is there any chance at all  
That I can make you mine  
Well I've come this far  
but there's a longer way to go  
My chances look slim  
But soon I will know [Chorus]  
It's tearing me up inside  
Holding back for you  
Feelings are hard to hide  
They're 'bout to slip right through  
It's tearing me up inside  
I don't know what to do  
I know I'll lose this fight  
How can I let you know I've been trying lately  
To show you a secret way  
I reached out to touch you gently  
Stricken by your grace  
I just hope that you see  
And help me break this pain  
If I lose you by telling  
It's all been in vain [Chorus] There was a time before when I thought I was brave  
But now I'm here with you I shiver and I shake  
I fight the words of love and it all comes crashing down  
I close my eyes  
I let them go  
I have to let you know [Chorus] Oh  
It's tearing me up inside  
I don't know what to do  
I know I'll lose this fight

How can I let you know ohohoh
