Last Call

Stutter

LAST CALL
Wake up
This shit ain't right
From dusk till dawn
Tonight's the night
Let it all out
Because there's no tomorrow
(Pre-Chorus)
And it's all.....
All for one
And no one.....
Is gonna run
It don't feel right leaving you back in Â Â Â
Â Â Â Â Â Â Â Â Â Â Â Â Â the city

Â

(Chorus)
It's all done
And who has won?
There's no one left to call upon
You find out quick who's really got
Â Â Â Â Â Â Â Â Â Â your back
When the lights shine
And sirens call
They left you there to take the fall
Sleepless nights stuck behind these
Â Â Â Â Â Â Â Â Â Â Â Â bars

your coats on
your boots are strapped
from heel to toe
Clackity clack
Marching sounds echoing out
Â Â Â Â Â Â Â Â Â Â Â Â through the alley
(Pre-Chorus)
and it's all
All for one

And no one's
Going to run
It don't feel right leaving you back in the city

(Chorus)

It's all done
And who has won?
There's no one left to call upon
You find out quick who's really got
Â Â Â Â Â Â Â Â Â your back
When the lights flash
And sirens call
They left you there to take the fall
Sleepless nights stuck behind these
Â Â Â Â Â Â Â Â Â Â Â bars

(Interlude)
Oh.....I miss you
It seems like only yesterday
That you were put away
Oh.....I still be here
For you
For you

LAST CALL!
FOR ALCOHOL!
LAST CALL!
LAST CALL!
