

Last Call

Stutter

LAST CALL

Wake up

This shit ain't right

From dusk till dawn

Tonight's the night

Let it all out

Because there's no tomorrow

(Pre-Chorus)

And it's all.....

All for one

And no one.....

Is gonna run

It don't feel right leaving you back in Â Â Â

Â Â Â Â Â Â Â Â Â Â Â Â the city

Â

(Chorus)

It's all done

And who has won?

There's no one left to call upon

You find out quick who's really got

Â Â Â Â Â Â Â Â Â Â your back

When the lights shine

And sirens call

They left you there to take the fall

Sleepless nights stuck behind these

Â Â Â Â Â Â Â Â Â Â Â Â bars

your coats on

your boots are strapped

from heel to toe

Clackity clack

Marching sounds echoing out

Â Â Â Â Â Â Â Â Â Â Â Â through the alley

(Pre-Chorus)

and it's all

All for one

And no one's
Going to run
It don't feel right leaving you back in the city

(Chorus)

It's all done
And who has won?
There's no one left to call upon
You find out quick who's really got
 Â Â Â Â Â Â Â Â your back
When the lights flash
And sirens call
They left you there to take the fall
Sleepless nights stuck behind these
 Â Â Â Â Â Â Â Â Â Â bars

(Interlude)

Oh.....I miss you
It seems like only yesterday
That you were put away
Oh.....I still be here
For you
For you

LAST CALL!
FOR ALCOHOL!
LAST CALL!
LAST CALL!
