Gasket

Chris Whitley

Tell me, why you wanna drive my gasket down?
Tell me darling, why you drive my gasket down?
All them unwanted children never be forgiven nowHear them drivin' miles out of town
Hear them drivin' miles out of town
All them engines, all them holes, all in the groundSister grindin', all around your daddy's knee
Sister grindin', all around your daddy's knee
Sister grindin', all around your daddy's kneeI don't need no gasket, just to grind
Just grind all over me
