Too Soon to Know

Patti Austin

When I'm in New York, when I'm in Poughkeepsie, when I'm in New York City, I'd rather be in Chicago.When I'm in Texas, when I'm in San Antonio, when I'm in Texas, I'd rather be on the East Coast.
But then againWhen I'm in trouble, when I'm in danger of losing my direction, I'd rather have some momentum.Are roots growing less important? It's too soon to know if we're staying together just to have a place to go.
