

For the Love of You

Tony! Toni! TonÃ©!

For the love, I'll do most anything

I would stand by you like a tree
and dare anyone to try move me.

Girl, you got to realize
I live to make happy and satisfied.

I would take you by the hand
And I'll show you our life plan

And I'm sure will agree
Just right our love could be
I would love to tell you more
About how much I adore you
And I'm sure that you'll agree
That I'll do most anything

For the love of you,
I'll do most anything (I'll do anything for you)
For the love of you
I'll do most anything

Sleep on your porch
Can't hardly wait for the sun to rise
I would stand by your window
Wishing I was there by your pillow
I would take you by the hand
And I'll show you our life plan
And I sure that you will agree
Just how right our love would be
I would love to tell you more
About how much I adore you
and I'm sure that you'll agree
That I'll do most anything

For the love you
I'll do most anything (I'll anything for you)
For the love of you
I'll do most anything

I never knew I'd be this deep in your heart
And that's a fact

Relationships like this were meant from the start
I just pray that we last forever and a day
Forever and a day hey, hey
But I know it will
Cause there no way I could ever let a love so strong go.

For the love of you
I'll do most anything (I'll do anything for you)
For the love of you
I'll do most anything
