Bad bad bad she bad bad oh (Yeah) oh she bad bad
Uh, come on They're like

Oh, she bad, bad, oh, she bad, bad
Oh, she bad, bad. Yeah that's right, I'm badder than them
E.V.E. the cataclysm
Blow 'em out the fucking water
Kill 'em dead, call it slaughter
Ain't my fault, I had it built up, had to get it out my system
Now I'm back, forget about them other chicks, man you won't miss 'em.
Yeah, E.V.E. hungry like a lion
I ain't never easy, never scared, why you're tryin'?
Your gimmick makes me sick, what you selling I ain't buyin'
Man I live up at the top, so you keep climbin'
No they can never catch up
Me I'm the chick that keep 'em under pressure
And ever nigga smell her wan' sex her
They say they wan' protect her
But really they jus wan' kiss and caress her
Now sit your ass down, 'cause class is now in session they like Oh, she bad, bad, oh, she bad, bad
Oh, she bad, bad, oh, she bad, bad
Oh, she bad, bad, oh, she bad, bad
Oh, she bad, bad, oh, she When they see me comin' at 'em
Heels and hips, they wanna grab 'em
Lips and now I'm starin' at 'em
Mesmerized, gotta have it
Warning, I've become a habit
Need it, always once you had it
Ever lucky enough to grab it
Guaranteed you're becomin' an addict
Yeah, the type of chick that like them big trips
Big jets, mega yachts, yeah, big ships
Wanna get all my affection, here's a big tip
I need to see that you a ball ship
Man, I ain't playin' with you people
You know my style already scorpion, she stings, she lethal
I ain't even got no patience for your bullshit I can see through
I get bored real easy

Sorry, I must leave you
Got 'em singin' like Oh, she bad, bad, oh, she bad, bad
