

Join Together

Steve Allen

When you hear this sound a-comin'
 Hear the drummer drumming
Won't you join together with the band
We don't move in any 'ticular direction
 And we don't make no collections
Won't you join together with the band.

Do you really think I care
 What you eat or what you wear
Won't you join together with the band
 There's a million ways to laugh
 Ev'ry one's a path
Won't you join together with the band.

Everybody join together
 Won't you join together
Come on and join together with the band
 We need to join together
 Won't you join together
Come on and join together with the band.

You don't have to play
 You can follow or lead the way
Won't you join together with the band
 We don't know where we're going
 But the season's right for knowing
Won't you join together with the band.

It's the singer not the song
 That makes the music move along
Won't you join together with the band
 This is the biggest band you'll find
 It's as deep as it is wide
Won't you join together with the band.

Ev'rybody join together
 Won't you join together
Come on and join together with the band
 We need to join together
 Won't you join together

Come on and join together with the band.
