## Dynamite Boy

And I could never come to your side  
I never had the time  
You've never even see me  
And I'm so hardly pacified  
I've never even tried  
Seems like I've been dreaming  
Don't give a damn  
Just who I am  
The no-one man  
At the back of the class  
And you don't know how much I've cried  
How many times I've died  
So no one could hear me  
And you can't see me when I hide  
My conscience is my guide  
Internally screaming  
And I never came to your side  
I've lost all my pride  
And still you can't see me  
And I'm completely petrified  
My brain is almost fried  
From thoughts so endearing
