Let Me See Ya Girl

Cole Swindell

Yeah you got every guy in here
Spinnin' around spillin' their beer.
I bet you came out to have a good time
So what you say you leave your friends with mine?
Ooh, ooh, they'll be alright, ooh, I just wanna see you shine.Girl you're tearin' that dance floor up
Let me see you do it in the bed of my truck
You sure know how to shake it alright
Let me see you do it in the Tennessee moonlight
Woah, baby lets go down a little road nobody else knows
Just me and you park on the edge of the world
That's how I wanna see you girl.Yeah, let me see you girl.Whatcha think about takin' that chance.
Takin' that ride, takin' my hand.
Kickin' this crowd, ditchin' this club
This nights been waitin' on us.Ooh, ooh, lets see your best moves, ooh, ooh
Yeah till I get us where we're gettin' to.Girl you're tearin' that dance floor up
Let me see you do it in the bed of my truck
You sure know how to shake it alright
Let me see you do it in the Tennessee moonlight
Woah, baby lets go down a little road nobody else knows
Just me and you park on the edge of the world
That's how I wanna see you girl.I can see you gettin' my tailgate rockin'
Moving your hips like wind moves cotton
You can get the whole wide country side hoppin'Bring the beat back, oh come on with me girlGirl you're tearin' that dance floor up
Let me see you do it in the bed of my truck
You sure know how to shake it alright
Let me see you do it in the Tennessee moonlight
Woah, baby lets go down a little road nobody else knows
Just me and you park on the edge of the world
That's how I wanna see you girl.
Yeah, let me see you girl.
Come on, come on, come on let me see you girl.
