

# Adrenalin

## Senser

it'll take you to the top  
and out to the edge  
shoot up needles through your blood  
lay ice under your sledge  
shift, crank, pull  
adrenaline, adrenaline shift, crank, adrenaline  
it'll put you through your paces  
kickstart your heart  
push you to the limit  
make the finish just the start  
shift, crank, pull  
shift, crank, pull  
adrenaline a-a-a-drenaline, adrenaline  
a-a-a-drenaline, adrenaline  
it'll save the life of a junkie  
closing on death  
counteract the poison  
give him back his breath  
shift, crank, pull  
shift, crank, pull  
adrenaline a-a-a-drenaline, woah-ohhhh  
a-a-a-drenaline, a-a-a-adrenaline  
pushing flesh and marrow  
kicking bone and blood  
boosting up the cell count  
as the burning (?) is flood  
adrenaline, adrenaline  
shift, crank, pull  
a-a-a-drenaline, shift, crank  
a-a-a-drenaline, pull  
a-a-a-drenaline, adrenaline
