Lost in the Dark

Doctor Butcher

Life of desperation that's his way
Searchin' for a light to shine today
But I know that I won'tHelp me Jesus can't you feel my pain?
I'm so tired, twisted and insane
Taken a look in my eyesThere's no livin', forgivin'
God help me pleaseI'm lost in the dark
I don't know which way I'm facin'
I reach to feel my way
A life caught in the mazeThere's no livin', forgivin'
God help me pleaseI'm lost in the dark
I don't know which way I'm facin'
I reach to feel my way
A life caught inI'm lost in the dark
I don't know which way I'm facin'
I reach to feel my way
A life caught in the mazeInstitution, no solution
Is this destiny I know
Living, lying, scared of dying
Wondering where it is I'll goLost in the dark
Lost in the dark
Institution, no solution
Is this destiny I know
