

Go Underground

B.B. King

Yes, you thought you had a good thing, baby
You could do what you wanted to do
Yes, but you'd better find you another thing, baby
Because this thing is cutting out on you
I'm tired of you putting me down
I think I'll do like a mole and move undergroundI tried to do everything for you, baby
Tried to give you everything, even the stars above
Oh but you wanted someone to play with, baby
And I needed me someone to love
I say I'm tired of you putting me down
I think I'll do like a mole and move undergroundYes, I can't be a winner, baby
Because I was born to lose
I go to bed every night with troubles, baby
Because I wake up thinking about you
I'm tired of you putting me down, baby
I think I'm gonna do like a mole and move undergroundOh I paid the cost, baby, I even sing the blues
I've done everything to please you
And I'm tired of paying my dues
And I'm tired of you putting me down
That's why I'm gonna do like a mole
And move underground
