

Friend

Everlast

There's a sickness in my soul
And I don't know but I been told
It's incurable There's a darkness in my heart
Slowly tearin' me apart
It's unbearable Drop of blood, a lake of tears
And baby, after all these years
You're still beautiful And I've been loved and I've been used
Cut wide open, scarred and bruised
I'm unbreakable Flesh, it heals I know
Hearts, they never mend
Lovers come and go, girl
Right now I need a friend Walk for miles, talk for days
And I keep trying to change my ways
It's so difficult You kick and scream
You curse and yell
Tell me I should go to hell
It's so typical Touch my heart
Feel my pain
Let me know I'm not insane
You're so merciful Break your heart, I cheat, I lie
And honestly I don't know why
I'm so pitiful Flesh, it heals I know
Hearts, they never mend
Lovers come and go, girl
Right now I need a friend, yeah There's a sickness in my soul
And I don't know but I been told
It's incurable There's darkness in my heart
That's slowly tearin' me apart
It's unbearable, yeah Flesh, it heals I know
Hearts, they never mend
Lovers come and go, girl
Right now I need a friend, yeah
Right now I need a friend There's a sickness in my soul
And I don't know but I been told
It's incurable
