Nobody Wins

Rita Coolidge

Any more it doesn't matter
Who's right or wrong
We've been injuring each other
For much too long
And it's too late to try to save
What might have been
It's over
Nobody wins

Make believin' in forever
Is just a lie
And it seems a little sadder
Each time we try
'Cause it's a shame to make
The same mistakes again
And again
It's over.
Nobody wins

We've gone too far too long
Too far apart
The lovin' was easy
It's the livin' that's hard
And there's no need to stay and see
The way it ends
It's over.
Nobody wins
